WORK EXPERIENCES

Gaminho - nov. 2024 ~ mar. 2025 - 5 months

QA Tester, Customer Support - Fixed-term contract

Gaminho - dec. 2022 ~ nov. 2024 - 2 years

QA Tester junior, Customer Support - Work-linked training

Work on mobile games developed on Unity. My responsibilities included QA, testing new features and ensuring quality. I also provided customer support, acting as the link between the studio and users. I was also assigned tasks related to sound design, level design, marketing and the production of new configurations.

Flute teacher - 2020/2022

Communication, Enseignement

Follow-up of two beginner flutists. One hour lesson per week.

PERSONAL EXPERIENCES

Lumibound - Infite Mirror Chess Game - 2025

Developer & Game Designer

Control 3 units in PvP and utilise the mirrors on the board and the units' skills to inflict maximum damage.

Light Train - Coop Side-Scrolling Arcade Game - 2024

Co-Producer, Technical Game Designer & Game Designer

Players take control of two flames to maintain a train, repel monsters, and restore light to the world.

Gemini Rush - Multiplayer Racing Game - 2023

Game Designer, Producer, UI/UX Designer & Developer

LAN racing game on a circuit consisting of two mirrored roads where each player has the ability to switch between the two roads.

Boemus Arz - Roomscale VR Escape Game - 2023

Game Designer, Producer & Assistant developer

The player takes on the role of a new lighthouse keeper tasked with changing the lighthouse light before nightfall.

Other games - 2020 ~ 2026

I create game prototypes in my spare time to learn and practice. Some of them are listed on my.portfolio.
